CD Reviews / “under the song tree LIVE”:

Northeast Performer (Somerville MA): “...this is a dream come true... a high powered brand of songwriting that ranks them at the top of the class... a really gutsy CD from three entities that come together as one...no egos, equal billing.”

Face Magazine (Portland ME): “... I’ve seen these three names around the state for years and the experience is evident everywhere on this CD. There is an honesty in their lyrics and melodies that is real and down to earth and the delivery is pretty much impeccable... a highly professional piece of work. Damn, just go buy it.”

Jam Music Magazine (Concord NH): “...a joyful mix of styles and boundless energy. There’s not a weak link in this chain or a bad song in the bunch... excellent harmonies... it’s got everything it should have.”

From Buyers at CDBaby.com: “Three spirits intertwined into one soulful explosion” and “It’s wonderful to hear three artists play off each other’s talents to provide a spectrum of music so rich in heart, soul, and love.”

Concert Reviews :

Steve Lea (Disc Frisk, Ellsworth ME): “an Under the Song Tree performance is a study in grace, beauty, wit, charm, honesty, and as close to musical perfection as one could ever dare to expect from any artist.”
